OEM Petrol Pump Fuel Dispenser 9L/Min To 90L/Min Oil Dispensing Station

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Virette
- Certification: GB/T 3836.1-2021
- Model Number: D1
- Minimum Order Quantity: 1 set
- Price: 1500USD-8000USD
- Delivery Time: 25 work days
- Payment Terms: T/T, Western Union
- Supply Ability: 30 set per month

Product Specification

- Product Name: Fuel Dispenser With 5-50L/min Flow Range And -40 To 60C Ambient Temperature
- OEM: Yes
- Noise: ≤80dB(A
- Size: 120×690×2100 (1 Hose/2 Hoses) (mm)
- Rated Power: 0.75KW
- Frequency: 50HZ±1HZ/60HZ±1HZ
- Warranty: 1 Year
- Nlet Vacuum: ≥0.06MPa
- Highlight: **oem petrol pump fuel dispenser**, **petrol pump fuel dispenser 9l**, **90l/min oil dispensing station**

Product Description

Measurable Minimum 5L/9L Fuel Pump Machine with Best CostPerformance

Product Description:

Our Fuel Dispenser product has a Flow Range of 5 To 50L/min/9 To 90L/min, making it suitable for different types of vehicles. The Nlet Vacuum of the Fuel Dispenser is ≥0.06MPa, which ensures that the fuel is pumped efficiently. The size of the Fuel Dispenser is 120×690×2100 (1 Hose/2 Hoses) (mm), making it compact and easy to install.
The Fuel Dispenser is user-friendly and safe, making it the best partner that provides the greatest fulfillment for all. The main components of our Fuel Dispenser, such as the pumping unit and meter, are praised for their great technology and performance with highest quality and accuracy. The structures are designed to make maintenance work more efficiently to reduce the work cost.
As a Gasoline Filling Station Machine, our Fuel Dispenser is an essential equipment that ensures that fuel is dispensed accurately and efficiently. It is designed to cater to the needs of both service station owners and drivers. Our Fuel Dispenser is user-friendly and safe, ensuring that drivers can easily and safely fill up their vehicles.
In summary, our Automobile Fuel Dispenser Machine is a high-quality product that is essential for Gasoline Filling Stations. It has a Flow Range of 5 To 50L/min/9 To 90L/min, making it suitable for different types of vehicles. The Nlet Vacuum of the Fuel Dispenser is ≥0.06MPa, ensuring that fuel is pumped efficiently. The Fuel Dispenser is user-friendly and safe, making it the best partner that provides the greatest fulfillment for all. The main components of our Fuel Dispenser, such as the pumping unit and meter, are praised for their great technology and performance with highest quality and accuracy. The structures are designed to make maintenance work more efficiently to reduce the work cost.

Features:

Product Name: Fuel Dispenser with 5-50L/min Flow Range and -40 to 60C Ambient Temperature
Inlet Vacuum: ≥0.06MPa
Ambient Temperature: -40 To+60
Size: 120×690×2100 (1 Hose/2 Hoses) (mm)
Measurable Minimum: 5L/9L
Keywords: Automotive Fuel Delivery Machine, Automobile Fuel Dispenser Machine, Gasoline Filling Station Machine

Technical Parameters:

Flow Range	5 To 50L/min/9 To 90L/min
Accuracy	±0.3
Product Category	Gasoline Filling Station Machine
Ambient Temperature	-40 To+60
Size	120×690×2100 (1 Hose/2 Hoses) (mm)
Frequency	50HZ±1HZ/60HZ±1HZ
Product Name	Fuel Dispenser with 5-50L/min Flow Range and -40 to 60C Ambient Temperature
Noise	≤80dB(A)
Benefits to both service station owners and drivers	User-friendly and safe. Best partner that provides greatest fulfillment for all.
Nlet Vacuum	≥0.06MPa

Applications:

Virette D1 fuel dispenser is a high-quality fuel supply station equipment that is designed to efficiently dispense fuel for various vehicles. The product is certified with GB/T 3836.1-2021 and is manufactured in China. The minimum order quantity for the Virette D1 fuel dispenser is one set with a price range of 1500USD-8000USD.
The Virette D1 fuel dispenser is the perfect product for various scenarios, including gas stations, transportation companies, and other organizations that require automotive fuel delivery machines. The product is designed to supply fuel to automobiles, motorcycles, boats, and other vehicles that require fuel. The Virette D1 fuel dispenser has a rated power of 0.75KW and an Nlet vacuum of ≥0.06MPa, which makes it efficient in fuel dispensing.
Our main components, such as the pumping unit and meter, are praised for their great technology and performance with the highest quality and accuracy. The structures are designed to make maintenance work more efficient, reducing the work cost. The Virette D1 fuel dispenser is available in two sizes, 120×690×2100 (1 Hose/2 Hoses) (mm), making it suitable for small and large fuel stations.
The Virette D1 fuel dispenser is supplied with a warranty of one year, and the payment terms accepted are T/T and Western Union. The product's supply ability is 30 sets per month, and the delivery time is 25 work days. The Virette D1 fuel dispenser is an excellent choice for gasoline stations, transportation companies, and other organizations that require automotive fuel dispensing machines.

Support and Services:

The Fuel Dispenser product is designed for efficient and reliable fuel dispensing. Our technical support team is available to assist with any installation and setup issues, as well as troubleshooting any operational problems that may arise. We offer a range of services to ensure optimal performance of our product, including preventative maintenance and repair services. Our team of experienced technicians are trained to provide fast and effective support to minimize downtime and ensure your fuel dispensing operations run smoothly. Additionally, we offer training services to ensure proper use and maintenance of our product. Contact us for more information on our technical support and services.

Packing and Shipping:

The Fuel Dispenser product will be securely packaged in a cardboard box with foam cushioning to prevent any damage during shipping. The box will be labeled with the product name and any necessary handling instructions.
Shipping:
The Fuel Dispenser product will be shipped via standard ground shipping. Customers can expect to receive their product within 5-7 business days from the date of purchase. A tracking number will be provided once the product has shipped.

FAQ:

A: The brand name of this fuel dispenser is Virette.

2. Q: What is the model number of this fuel dispenser?

A: The model number of this fuel dispenser is D1.

3. Q: Is this fuel dispenser certified? If yes, what is the certification?

A: Yes, this fuel dispenser is certified. The certification is GB/T 3836.1-2021.

4. Q: What is the minimum order quantity for this fuel dispenser?

A: The minimum order quantity for this fuel dispenser is 1 set.

5. Q: What is the price range for this fuel dispenser?

A: The price range for this fuel dispenser is between 1500USD-8000USD.

6. Q: What are the payment terms for this fuel dispenser?

A: The payment terms for this fuel dispenser are T/T and Western Union.

7. Q: How many sets of this fuel dispenser can be supplied per month?

A: 30 sets of this fuel dispenser can be supplied per month.

8. Q: What is the delivery time for this fuel dispenser?

A: The delivery time for this fuel dispenser is 25 work days.
